

## COVID-19 Procedures as of May 2021!

As we have done from the start, we will be closely monitoring the status of COVID-19 and following all health guidelines and state and county recommendations.

We continue to safely offer in-person lessons.

**If we must close again,  
all classes will move online via Zoom.**

### STUDIO SAFETY POLICIES AND PROCEDURES:

- Currently, we can slightly increase class sizes while maintaining the new recommended social distance guidelines. Each student will have their own dance area with at least 3 feet from any other student. They will also have a designated place for their dance bag.
  - Maximum student capacity will remain somewhat limited. **Students will not be admitted until 5 minutes before their class time.**
  - **Please stay with your child until they can enter the studio.** Please, do not drop off your child and leave them unattended outside the studio to wait for class.
  - **All students and staff MUST wear a face mask while inside the building.** Anyone without a face masks will not be permitted to enter. Everyone has done a great job adjusting to mask wearing. Dancers should have a “back-up” mask in their dance bags at all times.
  - **For new students and those just returning:** Parents are required to complete all enrollment paperwork and sign policies *before* leaving their child at the studio. Parents need to be sure that they have signed both our regular waiver and our Covid-19 waiver. If you paid for the class through your parent portal, you have done this. You can double check by going to your parent portal from our website [here](#). Once in your portal, select *more*, then select *waivers*. All students must complete these waivers, including returning students. Students cannot enter the studio until they are enrolled in a class and both waivers have been completed.
  - **Students and staff will need to monitor for symptoms before coming to the studio.** Please take your dancers temperature and review any symptoms that could be attributed to COVID-19 (including cough, difficulty breathing, sore throat, unusual headache, unexplained muscle and/or joint pain, chills, fever, nausea, vomiting, diarrhea, loss of sense of smell, pink eye, signs of increased fatigue). **If they have any symptoms or a temperature of 100.4 or higher, PLEASE STAY HOME.** Do not send children who have a cough, runny nose, or are sneezing, even if it is allergies. Students who appear to be ill will be sent home right away.
- We will give your dancer a thumbs up when it is their turn to enter the building. Please ask them to give us a thumbs up in return to indicate that they are fever and symptom free.
- **Unless your dancer is under the age of 5, Parents are not allowed inside the studio.** We ask that you please wait outside until your student is released to you. Please be outside ready to pick up your student at least 5 minutes before class ends.
  - Hand sanitizer is available throughout the studio.

- The bathroom will be sanitized between each use.
- Doors will remain slightly open for air flow and ceiling fans will not be used.
- Washing hands is recommended before entering the studio.

Your child's health and ours is VERY IMPORTANT to us.  
We are taking COVID-19 very seriously and will continue to take every necessary precaution in keeping the studio environment safe.

As we know, things continue to change daily, and we will adjust accordingly.

Stay well!  
Thank you for your continued support!
